

Dear Onalaska Water and Gas Supply Customers

We are asking for your help in updating all personal information. This is to better serve our community by communicating with each customer on an individual basis. Onalaska Water and Gas can now communicate through both phone and text with our new Software Program.

As some of our customers have already received voice calls through this new system, we are still unable to communicate with many of our customers as the information is simply just not available.

Please take a moment and update your information by filling out the following form and returning to us at Onalaska Water and Gas Supply, P.O. Box 2463, Onalaska, TX 77360, drop it in the overnight drop box or simply email us at Info@OnalaskaWaterAndGas.com.

Thank you in advance for your help and we look forward to better communications soon!

Sincerely,

Onalaska Water and Gas Supply
936-646-5396
